

ADJUDICATOR CERTIFICATION

FIDIC Certified Adjudicator programme

Validate your global adjudication skills!

This certification is suitable for qualified dispute adjudicators who offer dispute avoidance and/or dispute adjudication services to the infrastructure industry.

A FIDIC Certified Adjudicator is someone with proven expert knowledge of the FIDIC Standard Forms of Contract with experience, knowledge, and ability to act impartially and independently as an Adjudicator on Dispute Boards under these forms and/or any contracts based on them.

This certification programme is uniquely tailored to professionals working in adjudication and dispute avoidance in the global infrastructure, construction and engineering sector and takes place thrice annually.

The assessment includes a multiple-choice test, essay assignments covering informal advice and formal decisions and a mock hearing session. All are delivered in an online environment.

Get certified and submit your certificate to FIDIC to be listed on the renowned FIDIC President's List of Dispute Adjudicators.

Do not miss out on this opportunity!! Apply for our November 2021 programme now!

Next exam session:
4 November 2021

Application deadline:
22 October 2021
